

KIA 7 Dec 1970

CPT Clifford K. Baade

Phoenix 60 (Dean Grau) remembers: Cliff was a good guy upon whom the responsibility of the maintenance officer position weighed heavily; and he was unable to carry that weight further on Pearl Harbor Day in 1970. Captain Holmes came into the Club and alerted the rest of us to Cliff's passing in his hootch. T'was a sad day and one that remains with us as we wonder if there's something we might have done for him to prevent it.
